

Graduate Student Support Plan (GSSP) Health Insurance Coverage (NCSU RA-TA) Queries

Query System: SIS Reporting
Query Name: GSSP_INS_SUMMERPREPAYS

What does this query retrieve?

This query returns GSSP students flagged for summer health insurance coverage prepayment (May 01 – July 31). When the GSSP summer health insurance prepayment list was generated, the students found in this query were determined to be eligible for summer coverage.

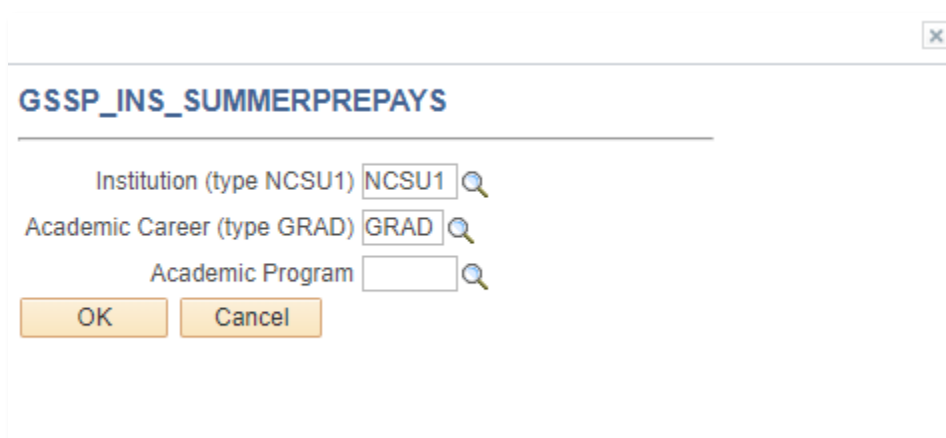

When can I run this query?

This query can be run at the beginning of May each year. The Graduate School will include an announcement in the May DGP/GSC updates indicating when this query will be ready for departments to run.

What should I enter for the prompts?

Before this query will return results, you will be prompted to enter certain criteria.

An example of the prompt criteria for Spring 2018 coverage is below:

The screenshot shows a dialog box titled "GSSP_INS_SUMMERPREPAYS". It contains three input fields with search icons: "Institution (type NCSU1)" with the value "NCSU1", "Academic Career (type GRAD)" with the value "GRAD", and "Academic Program" which is empty. At the bottom are "OK" and "Cancel" buttons.

What do the fields/columns indicate in the returned results?

Below are a list of the fields this query returns.

- Student ID
- Name
- Year
- Summer Prepay Mth = month in which the student's insurance will prepaid to the GSSP health insurance provider.
Term of summer prepay is May 01 – July 31.
- Academic Program
- Ins File Type = students who decline coverage for summer will be listed with "D"
- Stop Date = last day of coverage for student who decline coverage for summer.

What if a student does not appear in the query results?

If a student does not appear in the query results, it is presumably because the student did not qualify for Spring 2018 GSSP health insurance and would not have coverage extended through summer.

*** This query is not "real-time" and does not show current day changes. Query results are based on information from SIS databases established during mid-April.
