NCSU LIBRARIES
Library Services for Graduate Students

Collections
Your librarians work closely with faculty and students to develop strong collections supporting research and teaching, with seamless off-campus access. Please contact us to suggest new books, journals, DVDs, datasets, and other items to add to the Libraries' collections.

For materials not owned by the NCSU Libraries, free interlibrary loan is available through Tripsaver (www.lib.ncsu.edu/tripsaver). Articles are delivered online, usually within two business days. Books within the Triangle Research Libraries Network (UNC-Chapel Hill, Duke, and NCCU) can be physically delivered within two business days, and NCSU faculty and students can also visit and borrow materials directly from those institutions.

Subject specialist librarians
Subject specialist librarians are ready to offer you in-depth help in finding and analyzing information in your particular discipline. You can request a consultation or instruction session by contacting them directly (www.lib.ncsu.edu/staff/subjectspecialists).

Research data services
We can provide assistance with data management planning, data discovery and description, data sharing, data preservation, and geographic information services (GIS). Contact us at library_datamanagement@ncsu.edu to set up a consultation or request a workshop.

Research workshops
Research workshops are offered on a regular basis covering topics including literature reviews, navigating subject-specific databases, and citation management (www.lib.ncsu.edu/researchworkshops).
Spaces

The NCSU Libraries offers a variety of learning spaces in five libraries:

D. H. Hill Library
www.lib.ncsu.edu/about/dhhill

James B. Hunt Jr. Library
www.lib.ncsu.edu/about/hunt

Design Library
www.lib.ncsu.edu/about/design

Natural Resources Library
www.lib.ncsu.edu/about/nrl

Veterinary Medicine Library
www.lib.ncsu.edu/about/vetmed

Tours are available: www.lib.ncsu.edu/visit

Technology lending

The library lends electronic devices, including laptops, digital cameras, camcorders, digital voice recorders, graphing calculators, and iPads (www.lib.ncsu.edu/techlending).

Graduate student spaces

The Graduate Student Commons in the D. H. Hill and Hunt Libraries are designed specifically for graduate students, with lounge seating, open study spaces, reservable group study rooms, computer workstations, and touchdown spaces. A valid Wolfpack One Card is required for access.

High-tech learning spaces

The NCSU Libraries provides spaces for high-definition visualization, simulations, multimedia display, and collaboration. These spaces accommodate various projection and display configurations; real-time video capture, broadcast, and interaction; and flexible furnishings to support a wide range of uses. Dedicated videoconferencing space is available at the Hunt Library.

Specialized spaces include:

Teaching and Visualization Lab
www.lib.ncsu.edu/spaces/teaching-and-viz

Visualization Studio
www.lib.ncsu.edu/spaces/visualization-studio

Creativity Studio
www.lib.ncsu.edu/spaces/creativity-studio

Digital Media Lab
www.lib.ncsu.edu/digital-media-lab

Hunt Library spaces
www.lib.ncsu.edu/huntlibrary/explorespaces

Graduate student-only spaces
