YEARS OF GRADUATE STUDENT SUCCESS

NC STATE UNIVERSITY

2 DAYS

Hello,

We are thrilled that you are considering the [Chemistry Ph.D. program](#) at NC State. As one of approximately 130 graduate students across four primary areas of study, you will contribute to interdisciplinary research that employs cutting edge technology to find innovative solutions to our world's greatest challenges.

Our [award-winning faculty](#) lead our dynamic research groups that are dedicated to basic science, technology development, and interdisciplinary chemistry. Through tailored training and guidance, our 30 faculty members will help you develop the skills you need to excel in industrial, academic, and government positions around the globe.

If you're ready, start your application below. If you'd like to discuss how our program is compatible with your ambitions, I'd be delighted to start a conversation with you.

NC STATE UNIVERSITY

9 DAYS

Hi Caitlin,

In the Chemistry PhD program, discoveries are not confined to the lab. With funding from federal and state agencies, along with grants from industrial sponsors, our faculty and students are empowered to undertake ambitious projects that make a real impact in our world.

To get a better feel for our program's culture and goals, watch the below showcase of Gavin Williams' latest research initiative.

As one of NC State's perennial research leaders – with over \$10 million in research expenditures for 2017 – our department maintains state-of-the-art facilities, instrumentation, and other shared resources that benefit students across the university community. This innovative, supportive culture enables our faculty and students to consistently be among the university's top producers of patent and invention disclosures.

If you're ready, apply below. If you have any questions about our program, please feel free to get in touch.

Hi,

As a doctoral student in the Chemistry Department, you'll receive the financial support needed to focus on your studies and build the foundations for your career.

All admitted graduate students receive [research or teaching assistantships](#) that include a competitive stipend, tuition payment, and health insurance guaranteed for 5 years for those who maintain good academic standing. Numerous fellowships, internships, and training grants are also available for high achievers in our program.

To best take advantage of our available resources, explore our exclusive [scholarship and funding](#) opportunities, stay informed about [tuition rates](#), and consult our [Graduate Student Handbook](#).

If you're ready, apply below. If you have any questions about planning your future at NC State, please let me know.

YEARS OF GRADUATE STUDENT SUCCESS

NC STATE
UNIVERSITY

Hi ,

Thank you for your interest in the program! [Our program](#) is recognized as a national leader in both mathematics and graduate education. Led by faculty members conducting [award-winning research](#), our mathematics graduate programs offer flexible training for students anticipating careers in research and teaching, as well as positions in industry and public sectors.

As a student at NC State, you will benefit from our department's [world-class faculty](#) who can provide first-rate mentoring, through our low student-to-faculty ratio. Their expertise encompasses many areas of both pure and applied mathematics, and will prepare you for an equally wide range of career options including academia, biotechnology, finance, data science and more.

Please feel free to reach out to discuss your future in our program.

Best,

Pierre Gremaud

Admissions Justifications: Provisional Admits and TOEFL Waiver

- In general, we want to know why the department is convinced that the student is going to be academically successful
- The justification should be supplied at any point such a request is made
- Make sure the basis for the justification is accurate
- Additional Point: for provisional admits, the requirements need to be clearly spelled out as they are now included in the admissions letters

Helpful Hints: If you intend to cover 100% of a student's tuition or fees, enter the full-time dollar amount for tuition or fees on the GA1.

If the tuition and fees amount entered into the GA1 are greater than the reflected charges on the student account/e-Bill, a refund will **not** go to the student; your department account will only be charged the actual cost.

The "full-time dollar amount of tuition or fees", 9+ credit hours for graduate students and 12+ credit hours for undergrad students, can be found at: <http://go.ncsu.edu/tuitionfees>

OIS Updates

- Staff Directory updated with new advisor liaisons:
<https://internationalservices.ncsu.edu/about-ois/staff-directory-4/>
- New immigration software within next year
 - Will allow us to move to paperless submissions
 - OIS form signatories will have user access
 - Training will be developed for department users

**125****YEARS OF GRADUATE STUDENT SUCCESS**

General Reminders About F/J International Students

- More limitations/requirements than domestic students, especially for employment, enrollment, & program changes
- Violations of the limitations or requirements can result in severe consequences -- how can you help?
 - **A**lways refer students to OIS for immigration questions
 - **B**elieve students when they say they cannot do something or have a certain deadline
 - **C**ontact OIS to confirm if you are unsure of immigration info

**125****YEARS OF GRADUATE STUDENT SUCCESS**

General Reminders About OIS Forms

- All OIS forms (for grad students) require DGP signature
- Some also require advisor, pay rep, grad school signature
- When completing and signing OIS forms, please read what you sign and ensure information is complete & accurate
- OIS relies on information or recommendation from DGPs to take immigration action on a student's record; can cause issues if information provided is incorrect or incomplete

**125****YEARS OF GRADUATE STUDENT SUCCESS**

Enrollment Requirements

- Students must maintain full-time enrollment every semester unless authorized in advance by OIS to drop below full-time
- What constitutes FT enrollment?
 - Enrollment in 9 credit hours
 - Grad load waiver + enrollment in number of hours per GLW
 - Enrollment in minimum credits as required for thesis/dissertation (e.g. 3 research credit hours after completing at least X credit hours for Master's or Phd)
- Audit, Pass/Fail, Distance Ed/Online Courses

**125****YEARS OF GRADUATE STUDENT SUCCESS**

Reduced Course Loads (RCLs)

- **Academic Difficulty:** Can be approved in first semester only; We encourage use to minimize irreparable GPA harm; best to submit before drop deadline so student can drop without W
- **Medical Reasons:** Can be approved at any time with letter from physician/licensed psychologist
- **Final Semester:** Can be approved if student anticipates and is on track to complete; preferred deadline is Census Date
 - Thesis/Dissertation Students must have defense scheduled to occur by ETD deadline to qualify for 1 credit RCL
 - Students approved for Final Semester RCL who do *not* complete...

**125****YEARS OF GRADUATE STUDENT SUCCESS**

On-Campus Employment

- Must be both physically on NCSU campus AND paid by NCSU
- Graduate Industrial Traineeships & off-campus GSSPs require OIS approval because they don't meet both criteria above
- Limited to 20 hrs/wk when school is in session except official school breaks (winter, spring, summer break)
- Limited to 20 hrs/wk in Summer when is first or final semester of degree program or level
- 20 hr/week limitation is statutory and no exceptions exist
- Payroll is now auditing hours every pay period
- Severe consequences for violations; can't un-ring the bell

**125****YEARS OF GRADUATE STUDENT SUCCESS**

Off-Campus Employment: Curricular Practical Training (CPT)

- OIS approves 900+ CPT applications annually
- Eligible for FT in Summer if student will enroll in Fall (and summer is not first or final term of a degree program)
- Eligible for FT in Fall/Spring if CPT required to graduate (advisor must provide justification on OIS CPT Form), e.g.
 - Degree programs with required internship/project course
 - Students whose CPT necessary for thesis/dissertation
- Student must have enrollment corresponding with CPT such as co-op/internship/project course, research credits

Off-Campus Employment: Optional Practical Training (OPT) and STEM OPT

- OIS Form: please check POW and student's enrollment to ensure they will actually complete when signing form
- Department need not require certain info in Program End Date or OPT start date fields in order to sign form.
- USCIS processing times are 3-5 months but students can only apply 3 months in advance of completion
- Stress and anxiety surrounding OPT is normal, students often push for quick processing
- Architecture students now eligible for STEM OPT; Fall 2018 and earlier grad must submit OIS letter with USCIS application

**125****YEARS OF GRADUATE STUDENT SUCCESS**

Program Extensions

- Must be submitted to OIS prior to I-20/DS-2019 expiration; this is a hard deadline
- Must include proof of funding
- Department may issue letter committing to funding if assistantship contracts haven't been issued yet
- OIS Form asks for reason for delay – must be an academic or medical reason.

Immigration Trends/Updates

- USCIS processing – more complicated forms, lengthier processing times, higher scrutiny in adjudications, fewer avenues for assistance even in event of USCIS error
- USCIS Unlawful Presence Policy - nationwide preliminary injunction prevents USCIS from implementing policy
- Visas – nothing we can do about administrative processing; New students must defer if cannot arrive by census date

RDS Troubleshooting

REASONS WHY YOU MAY BE SEEING OUT-OF-STATE ON YOUR BILL OR ADMISSION LETTER, EVEN AFTER RECEIVING A DECISION OF IN-STATE FROM RDS:

- › Residency classifications from RDS are only valid for 15 months. Therefore, if you have applied to a graduate program and completed your RDS determination over 15 months prior to the start of your admit term, your tuition classification at the time of admission will show as Out-of-state. This is the case even if you initially received a decision of In-state from RDS. You will need to go back to RDS to request a “reconsideration” that should extend the expiration date of your In-state determination. Ideally, you would do this about a year, or less than 15 months before the start of date of your first semester of enrollment. You will then need to update your record by following the steps described above in the “Updating your RDS with NC State” section.
- › Expiration dates of documents are factor in RDS determinations. If you are an international student holding a visa or green card with an expiration date prior to the start date of your intended or next semester of enrollment, your residency determination will have an expiration date matching your visa or green card document.
- › RDS is strict with all dates, including students who fall under the Active Duty Military Exception (outlined below). The report date on the active duty member’s military orders or affidavit determines the day the student’s eligibility for in-state tuition begins. Until it is exactly that date, the student’s residency determination will show as out-of-state.

1. A contract for University Housing may be considered when determining the requisite 12-month qualifying period for residency if the term of the University Housing contract, or the total term of multiple consecutive University Housing contracts, is twelve or more consecutive months. All other domiciliary and financial self-sufficiency requirements must also be met.
2. A contract for University Housing that covers less than twelve consecutive months shall not be considered when determining the requisite 12-month qualifying period for residency for tuition purposes, unless:
 - a) The applicant can establish that he or she maintained North Carolina residency, including the completion of other domiciliary and financial self-sufficiency requirements, for at least six (6) months prior to entering into the contract; or
 - b) The applicant is required, as a condition of his or her employment with the institution, to live in short-term (less than 12 months) University Housing, thereby preventing him or her from entering into a housing contract that would otherwise be considered when determining the requisite 12-month qualifying period.
3. A contract for University Housing with a term less than one year, coupled with a sub-lease (or other executed contract external to the campus), shall not be considered when determining the requisite 12-month qualifying period. For example, a student may live on campus with a nine-month contract during the academic year and sub-leased housing during the summer months. The student never leaves the state of North Carolina. Such a housing arrangement does not establish North Carolina domicile, unless the conditions in Item 2 are applicable.

Prevention Services

- Established in 2017 - with Monica Osburn as the Executive Director and Angel Bowers, as Associate Director for Counseling and Prevention in 2018
- 2018 brought together the CARES program, Suicide Prevention (QPR) and Alcohol and Other Drug Education (Basics, Howl for Help)
 - Two Full Time CARES Coordinators
 - Domonique Carter
 - Laura Boisvert Boyd
 - Lindsey Judge
 - Collegiate Recovery Coordinator
 - Megan Meadows
 - One Suicide Prevention Coordinator
 - Emily Anderson
 - Two AOD Coordinators
 - Chris Austin & Jeffrey Fay

Case Management vs. Counseling

Counseling Center: clinical staff that provides comprehensive assessment, individual and group counseling. Also provides case management for connection to off-campus providers.

CARES Case Management: licensed professional staff, who provide assessment of what connections to services, people or programs that may be beneficial to students.

**125****YEARS OF GRADUATE STUDENT SUCCESS**

Prevention CM vs. Counseling

- Case management connects students with available resources and completes risk assessments, but it is not counseling
- Students connected to CARES will often still need a counseling referral
- CARES cannot require a student to attend counseling sessions, only strongly recommend
- CARES is covered under FERPA, Counseling is HIPPA
- Neither group will make referrals or share information with Student Conduct

The Old and The New

Students of Concern & CARES

- Started in 2015, worked within the context of Student Conduct
- Staffed by non-clinical professionals

Prevention Services and CARES

- Begins Fall 2018 with two, full-time, professional counselors as CARES Coordinators (one 9 month position)
- Works within a mental-health context when addressing concerns about/for students
- Emphasizes Coordination of Care with campus partners, Counseling Center, and off campus providers

**125****YEARS OF GRADUATE STUDENT SUCCESS**

CARES Staff

All CARES Coordinators have a clinical background and professional higher education experience.

Angel Bowers, LPCS - Associate Director of Counseling and Prevention

Domonique Carter, M.S, NCC - Case Manager/CARES Coordinator

Laura Boisvert Boyd, M.Ed, LPC, NCC - Case Manager/CARES Coordinator

Lindsey Judge - MSW, LCSW - Case Manager/CARES Coordinator

*Program staff works in conjunction with the CARES Team, consisting of 18 Campus Partners from the University community. Meets weekly.

CARES Data

Referrals Submitted to CARES

- Over 1200 reports '18-'19 academic year
- 30% increase from last year, 115% increase over the last three yrs.
- On-campus/Off-campus about same referral rate
- Engineering, College of Science, and CHASS have highest referral rates
- First and Second Year Students have highest referral rates
- Academic and Financial Stress were referred at very high rates last year
- Referral concerns about Suicidal ideation up 10%, attempts up 20%

**125****YEARS OF GRADUATE STUDENT SUCCESS**

CARES Referrals

Who Refers? - Everyone who cares, refers!

- Anyone who has a concern can make a referral;
 - Professional Staff, Faculty, Housing Staff, Students, Parents, Non-Affiliated

— <https://ncstatecares.dasa.ncsu.edu/>

What should I put in the referral?

- The reporter should put everything they know in the report.

What if someone else is referring the same concern?

- Everyone should report, so that CCMs have the most information possible prior to outreach

What Happens Next...

- The referrer will receive confirmation that the referral was received and that follow-up is planned.
- Depending on urgency, the student will be contacted immediately to request a meeting and collateral information is requested from housing, professors, advisors, etc.
- If we cannot get in contact with the student, we may follow up with you to seek additional information
- Information shared through CARES will not be shared with student conduct and police are only involved *if there is significant risk of harm to self or others*

Case Management Process

Step 1: Case is assigned to a CARES Coordinator/Case Manager (CCM)

Step 2: CCM will review the case file

Step 3: CCM will email the reporter, acknowledging the referral and let the reporter know we will be reaching out to the student.

Step 4: CCM will send a standard outreach email to the student.

- Email explains what CARES is and does, who is sending the email and why. Informs the student that an Personal or Academic concern has been received regarding them. Requesting a meeting with student, informing of meeting benefits, while optional.
 - If student responds, we will coordinate a mutual meeting time.
- At the student meeting, CCM will assess the students needs and presenting issues. An action plan will be determined together, connections to resources will be evaluated and a follow up meeting scheduled. *CCM will also assess for suicidal and homicidal thinking as well as self-harm.*

**125****YEARS OF GRADUATE STUDENT SUCCESS**

Case Management Process

Step 5: If student does not respond to first outreach email, CCM will send a second email that includes a list of campus resources. This will also be a second request for a meeting.

Step 6: If student does not meet after a second outreach, we will send a standard third email, text or phone student (or all of these)

*There are times when higher risk is present; such as suicidal thinking, or trauma, which will supersede the process and we will phone the student immediately for contact.

What happens if the student never makes contact? If this occurs, depending on the concern, CCMs will do *collateral outreach* to professors, advisors, housing staff or other professional staff to ascertain the well being of the student.

**125****YEARS OF GRADUATE STUDENT SUCCESS**

Collateral Outreach

The process of reaching out and connecting with other campus constituents for the purpose of information gathering. CARES also takes in collateral information from campus partners and constituents. This helps CCMs understand the student context more effectively.

Ex. If a report indicates a student hasn't been going to class and has not made contact with CARES, CCM will do outreach to other professors to see if this is widespread problem or specific to one class.

Ex. CCM may outreach to a Scholars Program to find out information from a program coordinator who may have eyes and ears on student, on a regular basis.

Working with our Students

- * Meet with our students to assess problems, concerns and issues
- * Determine what resources the student may use to help improve the identified problem or concern areas
- * Provide Referrals to resources (people, programs and services)
- * Make a plan of action with student on utilizing the resources
- * Provide support, encouragement and empathy to the student
- * Creates a follow up/check-in plan
- * Check-in throughout the semester
- * Adapt action plan or resources based on progress/needs
- * Check academic progress and status on goals
- * Evaluates progress and well-being, before determining if case can be closed or continued as active for further support
- * Student information is kept in Maxient, separate from SIS, with restricted access.
