Admissions - Test Score Reporting Issues

We've heard from several applicants that there is a technical issue with ETS and they are not able to pay to have their TOEFL and/or GRE test scores sent to NC State. ETS has not officially posted anything about the payment issue and some applicants are successful in sending their scores. At this time, we hope that programs will be flexible with applicants and allow them to upload a paper copy of their test scores if they are currently unable to have the official scores sent. If admission is recommended, they will need to have the official scores sent from ETS prior to finalization.
