Important Information

The Graduate Student Support Plan is a competitive support package used to attract top students to NC State University. Graduate students that meet the requirements below are eligible to receive health insurance and standard tuition support (for a limited number of semesters).

- Supported on a qualifying graduate assistantship (teaching or research) or fellowship of, at least, $666.67 per month.

GSSP tuition benefits will not apply to your billing account until all GSSP eligibility requirements are actively met in the Student Information (SIS) and Human Resources (HR) systems. Please see the checklist below for one-page GSSP eligibility summary.

- GSSP Requirements At-A-Glance (Semesters of Benefits Eligibility)
The next section of the screen displays the final term the student is eligible to receive tuition support based on the number of semesters the student has enrolled in a graduate program. Please note that a student can receive Graduate Student Health Insurance benefits even after the final term if they meet GSSP eligibility criteria. The section also shows if the student is eligible to receive tuition and/or health insurance benefits in the current term and the status of the student meeting the GSSP eligibility requirements.
