Admissions

Admitted students who did not provide a degree stated transcript at the time that their admission was finalized, will now receive a 'Final Official Transcript' checklist item in Slate. They will receive a notification via their admission letter and reminders will be sent to them. A complete transcript with a statement of the degree awarded and date conferred, or a separate degree statement or diploma (not provisional) are acceptable. This is not a change to policy, we have simply started using the checklist in Slate for final, degree stated transcripts.
