2024 Applications

Departments have access to upload and attach documents received from applicants (such as unofficial test scores, revised personal statements, additional recommendation letters, etc.). There is an "Upload Materials" link just above the Checklist on their Slate application.

[Let us know](#) if you need to add a hard deadline in Slate to prevent application submission after a particular date.

Enrollment Reminder

Please ask your students and their advisers to ensure that they are registered in the correct courses/sections and number of hours before census day (January 22).

Preliminary and final exams require authorization PRIOR to a student taking the exam. Exams that are taken without authorization are considered null and void. Please make sure the faculty & students in your department know the procedure for scheduling exams.
